

Date

Hello –

We can help you.

I am a cash investor, who is looking to purchase homes in _____ County.

I understand that you are in a situation where you have to sell your house or investment property, cash in and/or relocate (choose one of the options) and you need to do it quickly.

You have enough to worry about with the changes in your life going on, and I am sure you would prefer not to list the house, waiting for the market to change, before you can move on.

We have experience in dealing with difficult real estate problems and we do understand that time is of the essence. We have the resources and the knowledge about taking this property off your hands quickly and for a fair price.

I have been in a real estate for a long time, and I am a private buyer, not an agent.

Please let me know if interested.

Sincerely

Laura Al-Amery
